# THE PHI PHI ISLANDS

THE MOST VISITING ISLANDS ON PHUKET

## Phi Phi Island Tour 1 - VIP

- Pictures by Maya Bay
- Swimming in Loh Samah Bay
- Snorkeling by Viking Cave
- Pictures by Monkey Beach
- Lunch and some free time on Phi Phi Don
- Free time on Bamboo Island
- Free time on Khai Nai Island

Lunch and drinks (soft drinks and water) are included in the package. When you arrive at the marina, you are offered coffee and tea while you wait. Towels are also given out as well as goggles and mouthpieces for snorkelling (free of charge unless they are lost). Fins can be rented. Medicine for people who are prone to motion sickness is also available.

You start off by signing in at Boat Lagoon Marina, where you are offered tea, coffee, and snacks while you wait. There will be a quick brief about the tour, what you will do at each place as well as some safety guidelines. Then you head onto the speedboat and head to Maya Bay, which takes approximately 40 minutes. Since Maya Bay has been closed due to over-tourism, you stop a small way from the beach so that you are able to take pictures. After that, you head over to Loh Samah Bay where you are able to swim in the beautiful water. Viking Cave is the next stop. Unfortunately, it is also closed due to over-tourism, but you are able to snorkel in the waters by it (if you're lucky, you might see small sharks but don't worry, they don't bite!). Phi Phi Don is next on the list and this is where you will have your lunch served buffet-style. The food is Halal and there are vegetarian options available. You have some free time on the island after you finish your food, but after that, you head to Bamboo Island. Here you are able to go swimming, snorkeling, or simply lay on the beach. Last but not least, you head over to Khai Nai Island. Craving a cocktail? Want to play some volleyball? This is the place to do it! After some free time here, you will head back to Phuket.

Here you will be able to swim and snorkel for about 30 minutes, same as Green Island. After Green Island, you will make a quick stop by Maya Bay in order to take some pictures from a distance. After this, you are off to Phi Phi Don. Here you will have an hour and a half to eat lunch and explore the island.

The food is Halal and there are vegetarian options available. Once you are done here, you will go to Kai Nai Island, where you will stay for an hour or so. Craving a cocktail? Want to play some volleyball? This is the place to do it! After some free time here, you will head back to Phuket.

After that, you are off to Sea Gypsy Village where you will enjoy lunch served buffet-style (the food is Halal and there are vegetarian options available) as well as some free time. Then you go canoeing around the bay where you will see some fun stone creations. Cave exploration depends on the tide, either it will occur before James Bond or after canoeing. LEARN MORE ABOUT ELEPHANTS

## Elephant Sanctuary

- Feeding elephants
- Mud bath with elephants
- Swim with elephants
- Shower with elephants

Lunch and water are included in the package.

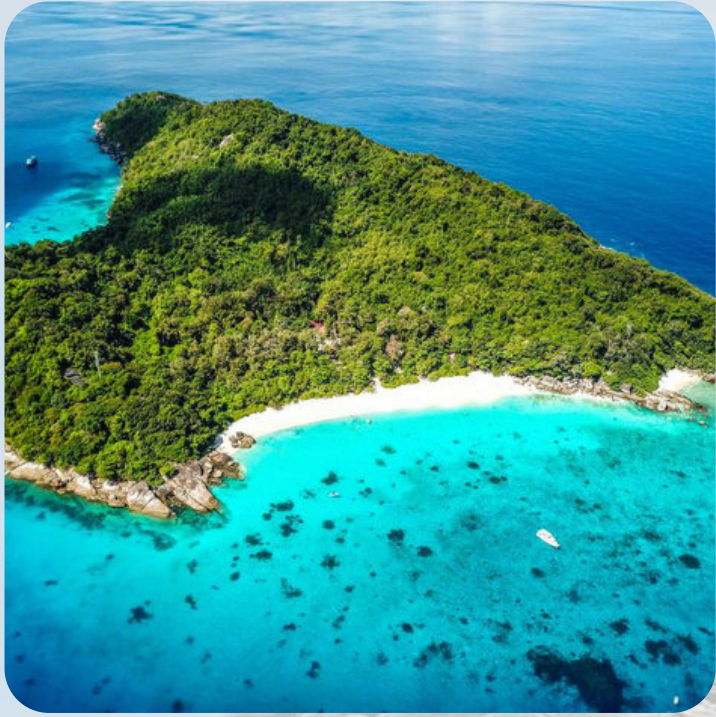

Would you like to meet some elephants? Then this is the perfect thing for you! Visit the first elephant sanctuary in Phuket. When you arrive, you sign in and get some information about the two different types of elephants. You learn a bit about what they do at the sanctuary and how they care for the elephants. You learn a bit about their past as well. Then you pick up some buckets of snacks for the elephants. Feed them and pet them, and take some pictures if you feel like it. After this, there is the mud bath. Here you will cover the elephants in mud, which you will later help clean off when you are swimming with them. After swimming with the elephants, you can have a short shower with them. After this, it is time for lunch, which marks the end of your visit.

# AMAZING SIMILAN ISLAND

A HIDDEN GEM

## Similan Island

- Snorkeling and swimming
- Lunch and free time on Koh Similan

When you first get to the pier, you sign in, get some breakfast in you and prepare for the day ahead. This trip is a bit more time-consuming due to the fact the ride to the pier (in Khao Lak) is about one and a half hours, which is then followed by a boat ride that takes the same amount of time. Please note that the stops on the trip may change without notice due to the currents, for your safety.

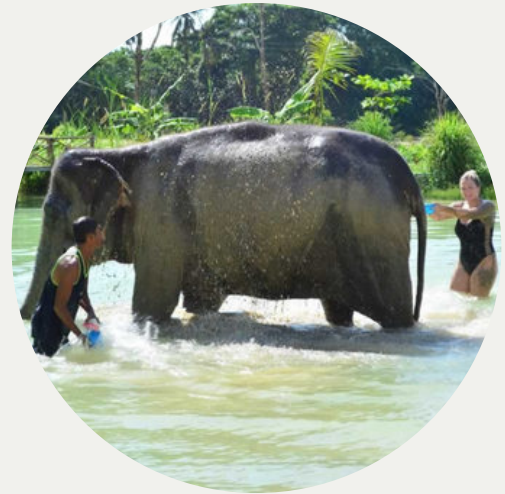

This is a long drive to the pier and a long boat ride tour to see these beautiful islands and crystal clear waters.
